# Supporting students in achieving academic success

Educators readily know that strong literacy skills are a major factor in achieving academic success; in particular now that standards have been raised. In response to the critical number of students requiring support, LexiaUK® introduces **POWER UP** Literacy™

Lexia PowerUp™ accelerates basic reading abilities, as well as developing the higher order strategies required to comprehend increasingly complex texts.

Lexia's latest technology-led program is designed to enhance English Language instruction and drive the academic success of secondary-age students. This highly engaging online solution offers personalised instruction in the following areas: Word Study, Grammar and Comprehension.

Accelerate lasting progress in essential literacy skills

Help students develop the skills required to succeed in subject areas

Engage, challenge and motivate students to take ownership of their learning
